

# Easter Seals House

## A Home-Away-From-Home

**Guests can relax, cook and live in their own space.**

Since 1955, families from all over BC and Yukon have stayed at Easter Seals House while their child or loved one receives care and treatment at nearby medical facilities. Open 24 hours a day, 365 days a year, Easter Seals House is located just blocks away from Vancouver's best hospitals and treatment centres.

# Giving Hope & Convenience

Easter Seals House is a home-away-from-home for families and adults throughout BC and Yukon who have to travel to Vancouver for medical treatment. With 49 individual double occupancy suites, each with their own full kitchen, the House provides personal autonomy to guests, so they can relax, cook and live in their own space. This convenience is important to everyone, like those with compromised immune systems and special dietary needs.

Easter Seals House alleviates some of the stress for guests staying in an unfamiliar city, for what may be one to two nights, a couple of months, or more than a year. The House offers access to recreation rooms, large family kitchens, an outdoor garden and close proximity to hospitals and medical care facilities.
